Note that this feature will only work in PDFs that have text that can be highlighted – if the PDF is just a scanned image, the text editing features will not work.. The redact tool is fairly self-explanatory, and extremely useful for those who need it, permanently blacking out or erasing text or entire portions of the PDF.. At the time I even called it 'a better Preview for PDFs', and had made PDF Expert the default application for viewing PDFs on my Mac.
